Smart City Telecom Tariff F.C.C. No. 1
for Access Service

ACCESS SERVICE

REGULATIONS, RATE AND CHARGES

Applying to the provision of Access Services within a Local Access and Transport Area (LATA) or equivalent Market Area for connection to interstate communications facilities for customers within the operating territory of

Vista-United Telecommunications
in the State of Florida
as set forth on Title Page 2.

Access Services are provided by means of wire, fiber optics, radio or any other suitable technology or combination thereof.

All material contained herein is new.

This tariff is filed in accordance with the Federal Communications Commission's Orders in CC Docket No. 86-467, released June 29, 1987 and September 27, 1988, and pursuant to the requirements of Sections 61.39 and 69.3 of the Commission's Rules.

This tariff is filed in compliance with the Federal Communications Commission's Memorandum Opinion and Order In The Matter of Annual 1989 Access Tariff Filings Petitions For Waiver and Petition for Reconsideration, released December 2, 1988. In that Order, the Commission granted the Company's request to continue using assumed access minutes of use contained in Section 17.2.6 of the National Exchange Carrier Association (NECA) Tariff F.C.C. No. 5. The surrogates for switched access services will remain in effect until the Company is able to measure actual usage later in 1989.

This tariff incorporates by references, under authority of Special Permission No. 88-579, the regulations contained in NECA Tariff F.C.C. No. 5.

ACCESS SERVICE

Following are the exchanges in which Access Services are available in Florida. The exchange areas are as defined by maps filed with the Florida Public Service Commission as part of the Telephone Company's Local Exchange Tariff.

REFERENCE TO OTHER TARIFFS

Whenever reference is made in this tariff to other tariffs of the Telephone Company, the reference is to the tariffs in force as of the effective date of this tariff and to amendments thereto and successive issues thereof.

The following tariffs are referenced in this tariff and may be obtained from the Federal Communications Commission's commercial contractor:

National Exchange Carrier Association, Inc.
Access Service
Tariff F.C.C. No. 5

ACCESS SERVICE

1. Application of Tariff

- 1.1 This tariff contains regulations, rates and charges applicable to the provision of Carrier Common Line, End User Access, Switched Access, Special Access, Lifeline Assistance, Universal Service Fund, and other miscellaneous services, hereinafter referred to collectively as service(s), provided by Vista-United Telecommunications, hereinafter referred to as the Telephone Company, to Customer(s). (C)(x)
(C)(x)
- Pursuant to the Commission's Rules at Section 69.4(c), 69.5(d), 69.104(1), 69.116, 69.117, 69.603(c), and 69.603(d), regulations concerning administration and billing of Lifeline Assistance and Universal Service Fund, rates and charges for these carrier's carrier elements are contained in Section 8 of the National Exchange Carrier Association, Inc., Tariff F.C.C. No. 5. The National Exchange Carrier Association, Inc. will bill and collect all Lifeline Assistance and Universal Service Fund charges on behalf of the Telephone Company. (N)(x)
| |
(N)(x)
- 1.2 The provision of such services by the Telephone Company as set forth in this tariff does not constitute a joint undertaking with the IC for the furnishing of any service.

(x) Filed on not less than fifteen days' notice under authority of Special Permission No. 89-549 of the Federal Communications Commission.

Issue Date: July 17, 1997

Effective Date: August 1, 1989

ACCESS SERVICE

2. General Regulations

- 2.1 The general regulations for the provision of interstate access service under this tariff are the same as those set forth in Section 2. of the National Exchange Carrier Association Tariff F.C.C. No. 5.

ACCESS SERVICE

3. Carrier Common Line Access Service

3.1 Regulations

The regulations for the provision of Carrier Common Line Access Service are the same as those set forth in Section 3. of the National Exchange Carrier Association Tariff F.C.C. No. 5.

3.2 Rates and Charges

The rates and charges for the provision of Carrier Common Line Access Service are the same as those set forth in Section 17.1.1 of the National Exchange Carrier Association Tariff F.C.C. No. 5.

ACCESS SERVICE

4. End User Access Service

4.1 Regulations

The regulations for the provision of End User Access Service are the same as those set forth in Section 4. of the National Exchange Carrier Association Tariff F.C.C. No. 5.

4.2 Rates and Charges

The rates and charges for the provision of End User Access Service are set forth in Section 17.1.2 following.

ACCESS SERVICE

5. Access Ordering

5.1 Regulations

The regulations for Access Ordering are the same as those set forth in Section 5. of the National Exchange Carrier Association Tariff F.C.C. No. 5.

5.2 Rates and Charges

The rates and charges for Access Ordering are set forth in Section 17.4.1 following.

ACCESS SERVICE

6. Switched Access Service6.1 Regulations

The regulations for the provision of Switched Access Service are the same as those set forth in Section 6. of the National Exchange Carrier Association Tariff F.C.C. No. 5, with the exception of Data Base Services, the regulations for the provision of which are set forth in Section 6.3 below. (T)
(T)

6.2 Rates and Charges

The rates and charges for the provision of Switched Access Service are set forth in Section 17.2 following.

6.3 Data Base Services

(N)

6.3.1 Service Provider Number Portability (SPNP) Service(A) General

SPNP Service is a capability that utilizes Advanced Intelligent Network (AIN) technology to query a database to secure network routing instructions before completion of a call. The database contains information about end users which have ported their service from the donor switch. At a minimum, the database contains the Location Routing Number (LRN) which identifies the Local Service Provider's (LSP) switch serving each ported end user. The LRN is used to direct the call to the correct switch for completion to the end user. Where more than one network is involved in completing the call, the network just before the terminating network (i.e., the N-1 Network) is responsible for querying a SPNP database to secure the LRN.

(N)

ACCESS SERVICE

6.	<u>Switched Access Service</u> (continued)	(N)
6.3	<u>Data Base Services</u> (continued)	
6.3.1	<u>Service Provider Number Portability (SPNP) Service</u> (continued)	
(B)	<u>Service Provider Number Portability (SPNP) Surcharge</u>	
	<p>The Telephone Company queries the database, as required, on behalf of its end user customers, line side access service customers and resale customers to enable completion of calls to numbers with NXX codes that have been designated as number portable. This service is “automatically” provided as part of the dialing process employed in the Telephone Company’s local exchange and access network.</p> <p>On calls placed to numbers with NXX codes that have been designated as number portable, an originating SPNP capable switch, using AIN capabilities will suspend call processing, formulate and launch a query via the common channel signaling network to a database containing information necessary to route calls to number portable NXX codes. When the necessary routing information has been returned from the database to the switch originating the query, call processing is resumed and the call is routed to the correct network switching element for completion to the called party.</p> <p>The SPNP Surcharge Service rate element applies to and provides the capability necessary for the Telephone Company’s end user customers, including its end user customers of lineside access services (e.g. FGA) to: (1) maintain the same telephone number when changing from one Telecommunications Service Provider to another while remaining at the same location, and (2) to complete calls to any telephone number that has been ported.</p> <p>This capability is automatically provided as part of the local dialing process employed in the Telephone Company’s local exchange network.</p> <p>This charge applies per line capable of originating local exchange calls.</p>	(N)

ACCESS SERVICE

6. Switched Access Service (continued) (N)
- 6.3 Data Base Services (continued)
- 6.3.1 Service Provider Number Portability (SPNP) Service (continued)
- (C) Service Provisioning
- SPNP Service procedures will be applied uniformly to all users of the Telephone Company's SPNP Service except as stated in Section 6.3.1(C)(3), following. The Telephone Company's SPNP database will receive and respond to the Telephone Company's queries.
- (1) Manner of Provisioning
- SPNP Service will be provisioned using the LRN. The LRN associates an NPA-NXX-XXXX number with each central office switch that serves ported lines. This number will be known as the LRN for that switch. The LRN will be used as a network routing number for calls to ported numbers served by that switch. All switching equipment types will utilize LRN functionality using AIN capability.
- (2) Limitations
- SPNP Service is to be used only on a call-by-call basis for routing calls to number portable NXX codes and cannot be used for purposes other than those functions described herein.
- Information residing in the Telephone Company's SPNP database is protected from unauthorized access and may not be stored in a carrier's database or elsewhere for any reason. (N)

ACCESS SERVICE

6.	<u>Switched Access Service</u> (continued)	(S)(Y)
6.3	<u>Data Base Services</u> (continued)	
6.3.1	<u>Service Provider Number Portability (SPNP) Service</u> (continued)	
(C)	<u>Service Provisioning</u>	
(3)	<u>Network Management</u>	
	The Telephone Company will administer its network with the objective of the provision of acceptable service levels to all users of SPNP service.	
	The Telephone Company maintains the right to block any SPNP Query traffic, in a nondiscriminatory manner, where the processing of the SPNP queries threatens to disrupt operation of its network and impair network reliability. The provision of SPNP Service is subject to the provisions of Section 6.3.1(C)(2).	
(D)	<u>Rate Regulations</u>	(S)(Y)
	The charge associated with SPNP Service will be billed on a monthly basis, per line capable of originating local exchange calls.	(T)(X)
	The specific charge for SPNP Service is set forth in Section 17.2.2.	
		(T)(X)

(X) Issued on not less than one days' notice under authority of Special Permission No. 99-191 of the Federal Communications Commission.

(Y) Re-issued to become effective December 1, 1999.
